

Just Passing Through

2006

The background is a dark, swirling composition of red and purple hues. A bright, ethereal light source, possibly a star or a distant galaxy, is visible in the lower right quadrant, casting a glow across the scene. The overall effect is one of dynamic movement and cosmic energy.

Hello everyone,

Welcome to yet another eagerly-awaited edition of our Yearbook.

When you consider our history and position, the oldest continuously-functioning school in the Western Hemisphere, you realize what an important document it is so...hold on to it.

For those of us who feature annually within its pages, I suppose it acts as a clear testament to the passing of time. In addition to the greying hairs, however, it has made me reflect on what has happened during the nine years I've been in the school. The buildings and facilities have changed a great deal, there has been a lot of staff turnover, including the retirement of loyal servants and there have been significant changes to the curriculum, including the introduction of the International Baccalaureate.

Expectancies are high and the staff, both teaching and administrative, have shown extraordinary commitment and dedication. As a result, last year for me marked the consolidation of 'my' kind of school. By and large we seem to have a happy school with students and staff working co-operatively towards the common goal of the best possible education for these youngsters. Is that the picture this book portrays? I've never personally wanted a school in which people were miserable or in which the kids are 'kept under' by fear. It's hard to grow in such an environment.

It's not perfect of course and there's much to do but...there are further exciting plans. Hopefully these will unfold in the near future but meanwhile I commend this Yearbook to you and congratulate Cheri Hunter in particular who has taken the lead in putting together, along with the talented youngsters who assisted.

Enjoy it.

Bob Lennox.

Primary

I feel honoured to be asked to write this piece for the yearbook,

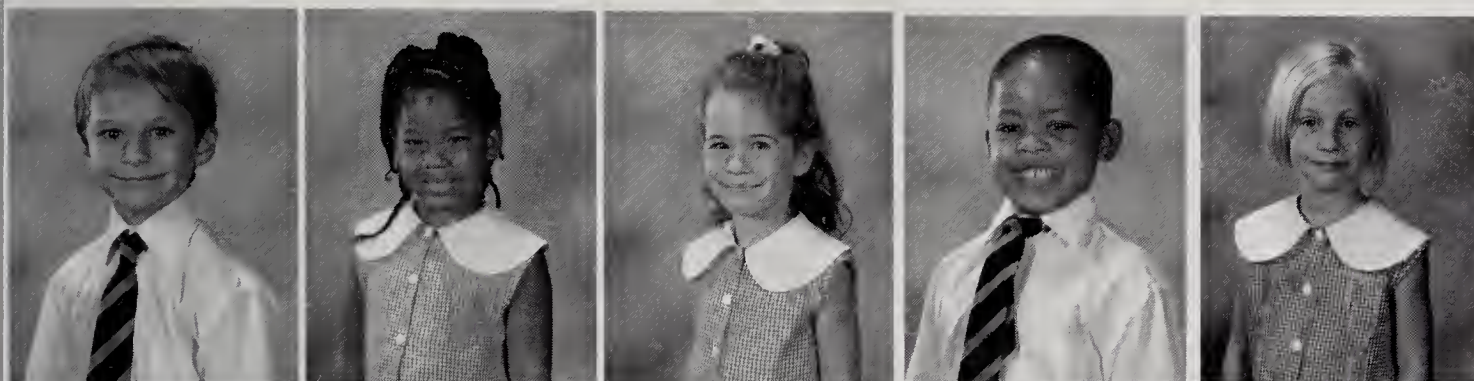

for Warwick Academy is a very special place. It is a place for growth: in knowledge, in friendships, in self-confidence, in self esteem. It is a place where unique, irreplaceable memories are forged. Memories that are precious, and will become increasingly more so as we grow older.

This precious Year Book serves as the vehicle in which we can store these memories of friends, events and experiences for future reference. Looking back through the academic year 2005-2006 will remind us of the very friendships, events, and experiences that make our school so special. We cannot know what our future will be, but we do have the past to remember. Let's hope, that like numerous students in the past, you will look back fondly at the memories of your student days at Warwick Academy.

*Farewell Primary School,
Hello Secondary School...
Here comes the Class of 2013!*

when your child is ready for college, will the funds be?

Education is the best policy.

Your child dreams of becoming a rock star or a starter for the Lakers. You're thinking more along the lines of a brain surgeon or a computer programmer. Either way, a BF&M Educational Savings Policy is where dreams begin to become achievable. A BF&M Educational Savings Policy gives you both reliable yields and peace of mind.

It's never too early to get started.

The earlier you start, the more time the money you invest will have to grow and compound.

To get started, simply call 295-5566 or visit us online at bfm.bm.

A BF&M Educational Savings Policy is simple to set up. You can even have the premiums deducted automatically from your checking account. And you can get started with deposits of as little as \$50 a month. Your BF&M Life Insurance agent will be happy to help you fill out the forms to get started.

INSURING PROGRESS™

Dear Readers,

I was delighted to be asked to write a letter for the 2006 Yearbook as this is a very significant year for all of us in Barber Hall as this year we see our first International Baccalaureate students graduate from the school. At present we have 88 students in this programme in Years 12 and 13.

The Year 13 students are busy as I write this applying for scholarships and accepting the many offers from universities. This is an exciting time for them, but also very stressful as they make important life decisions and also prepare for the exams, which are looming ever nearer. I wish them all luck in all their future endeavours.

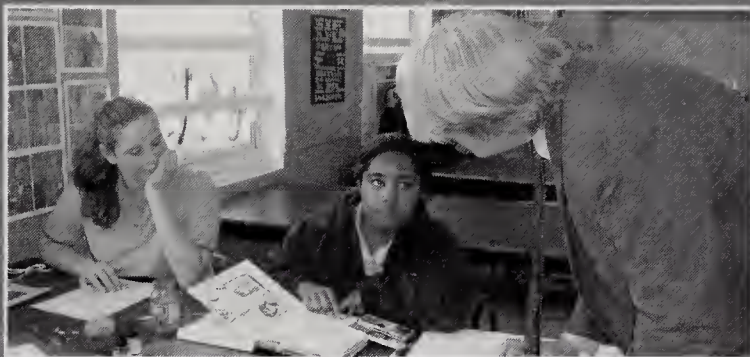

The Year 12 students are coming to terms with life and study at I.B. Level and I am very pleased with their hard work and determination to succeed at this level of work. I would also like to thank and commend their Head of Year, Mr. Rothwell, who has been tireless in his efforts to support everyone.

My thanks also must be extended to all the teachers of I.B. subjects at Warwick as they have taken on extra work preparing new courses, starting classes at 8:00a.m. and finishing at 4:15p.m. and then spending a few more hours each day in the school planning and marking work. Their dedication and professionalism has my continual admiration.

I hope you all enjoy the pages of our Yearbook.

There was a time when it took
an entire village to lay one cable.

THE EARLY 30'S saw the start of tourism as a major industry in Bermuda. Electricity became a selling point for hotels and guest houses. The work of many was required to provide the comforts that electricity would bring to those who visited our shores. In 1936, BELCO installed the submarine cable from Spanish Point to Dockyard leading the way for further growth and greater reliability. As we celebrate our 100th anniversary we remain committed to providing reliable service in support of the present, while preparing for the future.

BELCO | **100**
Years of Service

Extracurricular Activities

Morgan House

House Master: Mark Thorne

House Captains: Kirsten Nusum and Aaron Evans

Vice Captains: Carika Weldon and Justin Burke

I was very excited when the 4 above were voted house captains as I knew they were all competitors in their own way and I could trust them to take the bull by the horns when needed to.

They led certain assemblies from the front in both prayer and sign ups and they have certainly helped us remain competitive in everything we do!

In fact they helped our house get back to winning ways in the very first event of the year, SWIMMING. This was a wonderful day overall. The weather was brilliant, the students were well behaved and the atmosphere was intense.

Morgan had too many individual winners to mention, but events like this are not just won by the winners in each race, it takes a total team effort and overall our HOUSE came through.

Our second sports day did not bring us overall glory, but we certainly had success and a lot of fun to go with it! We won the high school football and we came second in the following: under 12 football, high school volleyball and high school netball.

Next up on our calendar is 'March Madness' which is a favourite of the students and maximum participation should not be a problem!

Well done Morgan and keep up the tradition of: **GOLD!!**

Submitted by Mr. Thorne

Patton House

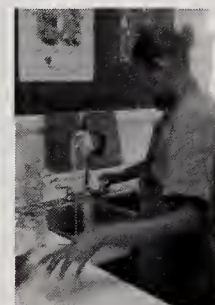

House Captains:	Ciera Fox	Denzel Wright
Vice-Captains:	Stephanie Wilkinson	Matthew Tavares
Sports Captains:	Ffion Casey	Cornell Bean

Patton house has always prided itself on participation and teamwork. This school year has been no exception. Our teams of student leaders have worked together to encourage students to participate and, at the same time, have fun.

The swim meet was the first inter-house activity and over the years, we have always dominated this event. This year proved an exception. We finished fourth with 242 points. However, the comments from the team were we tried our best and had fun.

In November, the next house event proved to be an event in which we shone in each category. This inter-house event included netball, football and volleyball. We were victorious and finished in first place with 1750. Overall, Patton house is a very enthusiastic house with exceptional students who demonstrate full participation. They are very eager and love what they do. The staff who are involved in Patton House are superb. They take great pleasure in coordinating the events and it is with their great spirit that Patton house has such a large level of participation. Patton house is very determined to do the best that it can in everything that it does. This year has been very promising for Patton house as we have won one sports day and we do not plan on stopping!

Second Row (LtoR): Scott Smith(Captain) Olufemi Martins(Vice Captain)

Rhodes has had a strange year and I must admit we have not been as successful as in the past. Leader-

ship has changed as far as house captains and I did not realize how much influence these guys had. Perhaps a bit more of lead by example would be a key thing. We had decent showings in the house sports day, winning some things and placing too low in others in order to have the balance of winning overall. We are looking forward to March Madness and we have full participation in this event with no one sitting on the sidelines. This has been positive throughout the year as far as full house participation is concerned.

Submitted by Mr. C

Robertson House

House Captains

First Row (LtoR): Sierra O'Meally, Genesis Edwards, Jun Hardart
Second Row: Andrew Minton

This year, under the guidance of our head of house Mr. Rothwell, we obtained a first place sports day trophy. This was due to the willingness of our team to give it everything we've got. It was very promising to see both our high school and middle school members giving 100% and achieving some amazing victories. It was clear that Robertson has the spirit to win many more events in the future.

Many thanks go to our house captains: Jun Hardart, Andy Minton, Genesis Edwards and Sierra O'Meally who, under the guidance of the Robertson staff, were essential to our victories, organizing exceptional teams and proving to be excellent role models to our younger members. We hope, in the years to come, to see the return of the inter-house cross-country and declamation contest as it is clear that we have the potential for great results in those events.

Finally we must congratulate Mr. Thornton, Ms. Dempster, Ms. Rawcliffe, Ms. Okanta-Ofori, Ms. Waltham, Mr. Gadd and all our Robertson staff members who have diligently supported our competitors, rain or shine, and boosted our spirits all the time.

Local knowledge you can count on.

As a global financial services group, we believe that a solid education - whether it's in accounting, retail, or agriculture - is essential to getting ahead in today's world. So is an understanding of the cultures in which we operate.

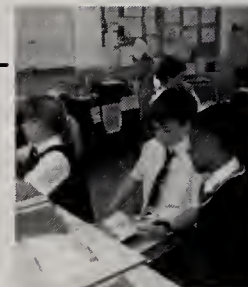

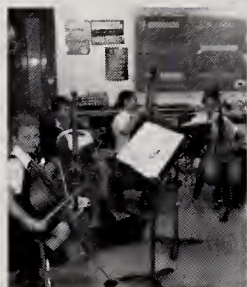

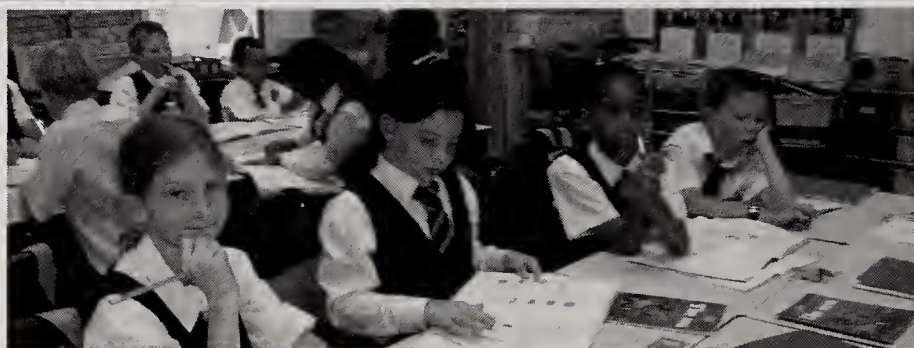

In Bermuda, we are proud to do our part in the community. This means helping Bermudians obtain the education they want and providing the level of personalised banking services they deserve.

Now, as part of the HSBC family, Bank of Bermuda can offer our clients the expertise and best practices of a truly global player; one that practices this same philosophy in 77 countries and territories.

To learn how different financial options add up - here, and around the world - you can count on Bank of Bermuda. Call 295-4000 or log on to www.bankofbermuda.bm

Life between Summer

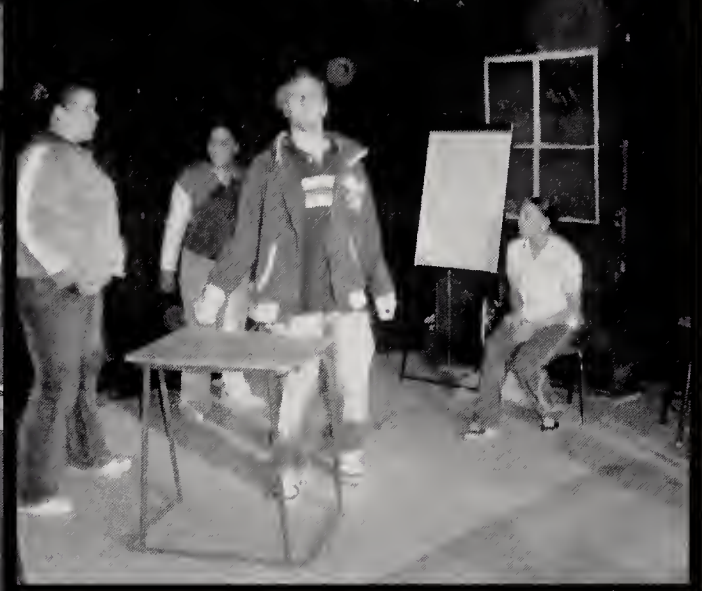

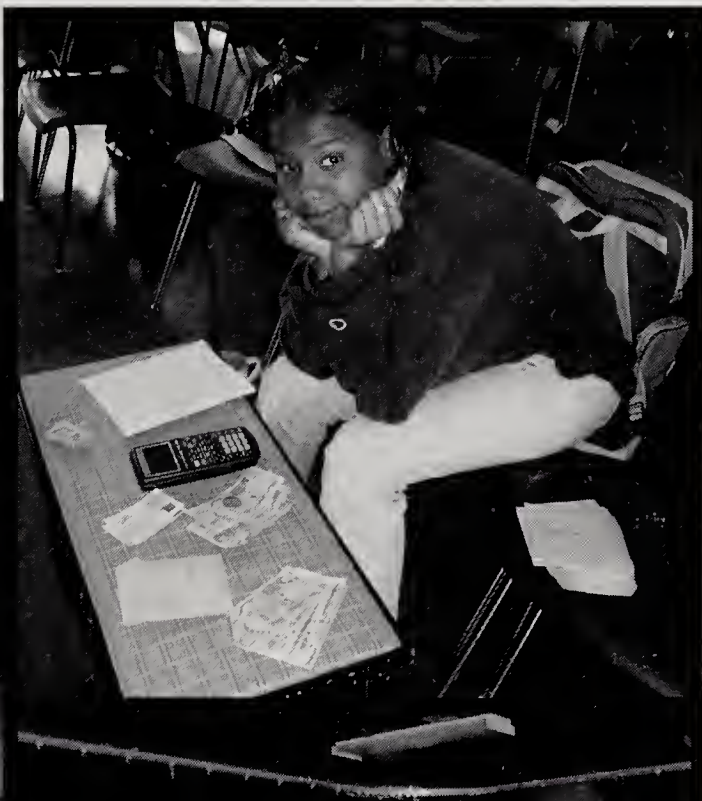

Sixth Form Drama Presents

"Chicken Bones For

The Teenage Soup"

In December 2005, the Y13 IB Theatre Arts students performed two shows of their comedy "Chicken Bones for the Teenage Soup" by Alan Haanel. They choose this collection of short dramas involving funny incidents which were not quite right – and comedy was exactly what the audience were given! Cheyenne showed her true acting ability as she played Mindy who was the eternal optimist and after unsuccessfully cheering up all her friends – she completely snapped. T'Neil played a grandmother who, on her deathbed, suddenly sat up and declared that her family were all a bunch of vultures! Bryce and Raj had the audience laughing in hysterics as they were in the middle of a war zone when Bryce was hit in the leg by gunfire and Raj just left him on the battlefield, hurrying off shouting "see you later!" The group really enjoyed the performance and the acting, directing, lighting, costumes and sound effects were all created and rehearsed by the IB drama students. All money from ticket sales went towards the Y13 prom.

The students involved were:

Aqueelah Somner, Sabrina Smith, Rhia Simons, Jennifer Phillips, Raj Butterfield, T'Neil Dickinson, Aruna Dismont, Maxene Mathias, Julian DeCouto, Cheyenne Trott, Bryce Williams, Shaun Richards, Pepe Fuenzauda, Kassie Bather, Asha Greaves, Leanna Lambert, Lisa Palmer, Shaline Perry

THE DRAMA DEPARTMENT PRESENTS...

"HOW TO SUCCEED IN BUSINESS WITHOUT REALLY TRYING"

The school presented the major musical production of "How to Succeed in Business Without Really Trying", with cast from Year 8 all the way to Year 13. They worked exceptionally hard for months to learn the songs, choreography and lines of such a professional show. And it was clear! They sang, danced, and smiled their way into the hearts of the audience every night. This show tells the story of Finch, a humble window washer, who sneaks his way from the bottom all the way to the top using a simple book. On his way up he meets his true love, his bitter enemy, and the lovable Mr. Biggley. With direction by Miss Dempster, and musical direction by Mr. Hayward, it was a show not to be missed! Submitted by Miss Dempster

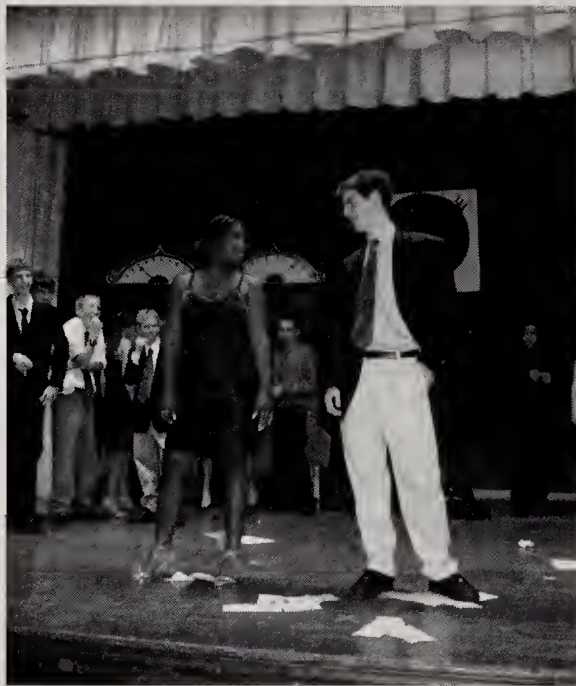

The hard-working technical crew led by Mr. Duffield

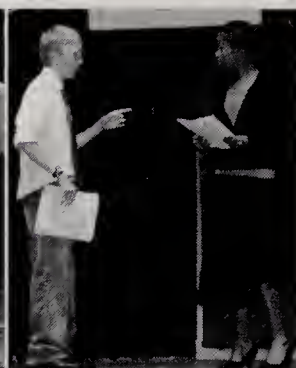

Above Photo: Finch, played by Rajai Denbrook, carefully reads the secret book that gives him all of his tips to get ahead.

Above Photo: The cleaning ladies, played by Erin Vickers and Camille Bradshaw, risk their jobs by smoking in the boss' office. Luckily Biggley doesn't notice anything amiss when he arrives only minutes later.

Right Photo: Bud Frump, played by Ben Lusher, tries his charms on the office hottie Hedy LaRue, played by Shara Trott.

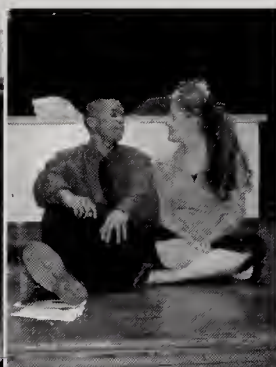

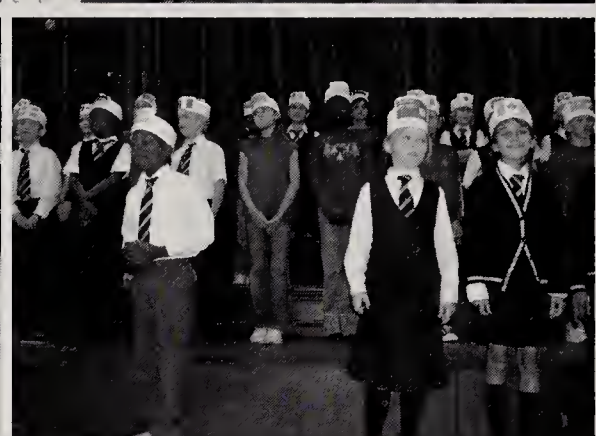

The whole cast celebrates their success!

Year 11 Geography Trip

2005 GCSE Geography Fieldwork

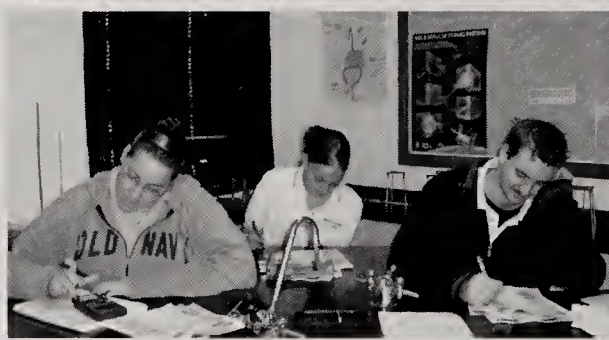

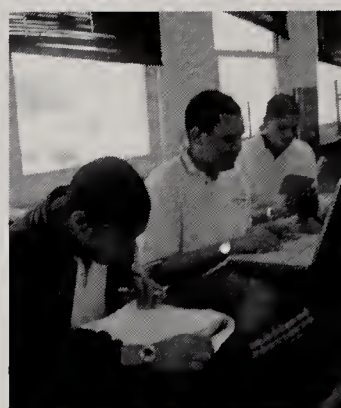

Just a few words to say what a wonderful experience the Geography GCSE Fieldwork was at the Bermuda Biological Station for Research was this year. The 28 geographers and two staff, Ms Shaw and Mr Fields, spent three days and two nights working hard to complete the fieldwork component of the GCSE Geography course. The project was to compare the Physical Features and Processes of North and South Shores of Bermuda. The BBSR at Ferry Reach was our base where we had great accommodation, food and laboratory facilities. On day one we went to Shelly Bay on North Shore to conduct wave frequencies and beach profiles and collect sand samples. This information was then worked on and analysed back in the classroom and lab until late at night! The following day we travelled to Winsor Beach in Tucker's

Town on the South Shore of Bermuda, courtesy of the Mid Ocean Club. Again we collected our data in the most perfect November weather conditions, volunteers willingly went into the crystal clear waters to get wave height and water depth measurements. The final day it was all class and lab work completing out sand size analysis and then home to have a nap!!!

A successful adventure was had by all.

Submitted by Andy Fields

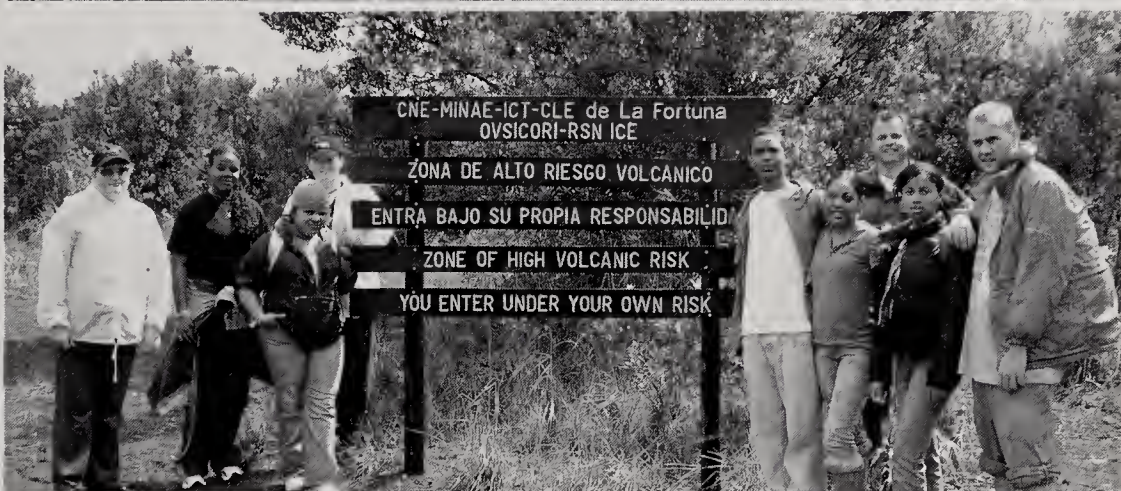

Warwick Academy is the Place to Be !

Costa Rica Tour 2006

This Easter the Modern Foreign Languages department went on tour to Costa Rica! The group was led by Mr. Rothwell, Mr. Watkins and Ms. Jones and comprised of sixth form Spanish students hoping to practice their linguistics in a foreign country. The students were looking forward to their adventurous pursuits which included; zip-lining high above tropical rain forests, riding all terrain vehicles on scramble tracks, scuba diving, horse trekking up the side of a mountain, giant crocodile tours, Caribbean beaches, sampling local cuisine, shopping in local markets, climbing erupting volcanoes and zooming through the jungle on speed boats.

When the team wasn't chasing adrenaline they would relax in the gorgeous pools, feast on the fantastic food or bathe in the Volcanic hot springs. Costa Rica is a beautiful country and we were welcomed with open arms especially by Augusto, our guide. We were also witness to a staggering display of wildlife from stroking 20 foot wild crocodiles and beetles bigger than your fist to observing monkeys, parrots and turtles in their natural environment. This was certainly a once in a lifetime journey that will never be forgotten by all who went.

The 2006 students where: Khamani Fox, Arian Franks, Kristin and Chelsey Hamilton, Joy Martin, Julian Musson, Shaline Perry, Monique Richardson and Tiffany Trott. Submitted by Mr. Rothwell

Black History Tour, Easter 2006

The inaugural Black History tour comprised 28 year 9 students and 3 staff and was centred on the heroes and events of the Underground Railway, (the escape route for black slaves from the South to freedom in Canada), through American independence to Civil Rights and black emancipation, all in 5 days!

Starting at the Brandywine battlefield we visited Quaker meeting houses and a school, then on to Cheyney University, the first black college, and to Ben Franklin's Philadelphia including the Museum of Afro-American Art. In New York we toured the Harlem of Malcolm X, Ellis Island, the Statue of Liberty and the Empire State building.

The highlights were a wonderfully dramatic enactment of the life of Harriet Tubman, a backstage tour of the famed Apollo Theatre, and a performance of the Lion King on Broadway.

Friends

When life takes you and your friends in different directions, what will tie you together in the future? In the movie *The Sisterhood of the Traveling Pants* based on the book by Ann Brashares, four best girlfriends remain connected with one another by passing around a pair of secondhand jeans that fits each of their bodies perfectly.
